Students receive a 5% discount upon presentation of their student ID.

OUR STARS

Our staff are the heart of our business. We are incredibly proud of their commitment and the strides they make in their development.

Every day they learn something new, and we are here to support them. Will you help too?

WELCOME TO THE STAL!

Located in the heart of the Leiden Bio Science Park, De Stal was once the home of Herman, the first genetically modified bull. Now, it's a cosy living room for everyone who works, studies, or conducts research in the park.

OPPORTUNITIES FOR EVERYONE

De Stal is more than just a café. It's a vibrant training restaurant operated by DZB Leiden, a place where people are given a unique opportunity to discover and develop their talents. Here, they learn to interact with guests and work as a team. They are guided by experienced instructors and work towards a recognised vocational training certificate. This certification opens up new opportunities. How wonderful is that?

FRESH AND SUSTAINABLE

We prepare our dishes daily using fresh, sustainable products. This includes vegetables and organic eggs from chickens in DZB Leiden's Ecotuin, where people work hard on their reintegration into society. Our coffee grounds are delivered to the Ecotuin to support their oyster mushroom cultivation.

Our coffee is from Sococo, known for the finest certified beans, top coffee plantations, and fair prices for local farmers.

Our menu is based on a no-waste philosophy. We aim to minimise waste by carefully matching and purchasing our ingredients.

GIFT VOUCHERS & GIFTS

Give a smile with our gift vouchers of €10 or €20. Or choose for a beautiful gift box containing 6 Chef Cookie's – a perfect mix of cookie, cake, and a chocolate, wrapped as a present.
